- 2. 

A grid consisting of 3 rows and 20 columns of empty boxes, intended for writing the numbers 1 through 60.

Three horizontal bars are shown, each representing 100%. The first bar is divided into 10 equal segments. The second bar is divided into 20 equal segments. The third bar is divided into 20 equal segments.

The diagram shows a long horizontal array of 32 slots. Below it, there are three pointers labeled r , n , and p , each pointing to a smaller array of slots. The pointer r points to an array of 8 slots, n points to an array of 8 slots, and p points to an array of 8 slots. To the right of these pointers is a symbol ϕ . Below the r and n arrays, there are two more arrays: one of 8 slots under r and one of 2 slots under n .
